

To whom it may concern:

I have had the distinct pleasure of working with Mr. Vence Meneely for the past two years. He has performed an outstanding job with are Pigeon problem and any other unwanted pests. He performs his job in a timely manner and at a reasonable price. I highly recommend him for any wildlife control you may have. For more information please contact me at 580-718-1286.

Sincerely,

Scott Ingram
